Conclusion

This Environment and Green Audit involves extensive consultation with all the college staff, interactions with key personnel on wide range of issues related to Environmental aspects. The audit has identified several observations for making the campus premise more environmentally friendly. The recommendations mentioned in the report are with reference to waste management, greening the campus, energy resources and their utilization, water conservation and air quality. These are significant issues for college authorities to initiate actions. The college is advised to comply the observations submit the action taken report corresponding to observations as early as possible. The audit team opines that the overall college campus is maintained well from environmental as well as green perspective. There are no major observations, but few things are important to implement are (i) To maintain the practice of green and clean environment. In addition, monitoring and documenting the action taken report regarding green an environment audit is a significant Aspect . (ii) To strengthen reviewing and auditing mechanism as it plays a vital role in improving institution bottom lines.
