RULES FOR EVENTS

E-POSTER MAKING

An E-Poster is an electronic version/PDF of poster presentation. The text, figures, charts, tables, images and artwork but does not include any audio, video, web links or animation.

1. Poster should be written only in English language.
2. The presentation should be in landscape orientation.

BYTE ON THE TOPIC

- Students are required to speak and prepare a video byte containing 10 Points on the topic: “Combating Corona Virus”
- The videos can be prepared either through your mobile or any other mode. Only one video byte can be sent by one Student.
- The videos are thereafter to be e-mailed at specified email-id along with Participant Name and College Name.

VIDEO MAKING

- Only one student can participate and submit entries as individual.
- Length of the video cannot exceed 3 minutes.
- The title screen will be of 5 seconds which includes participant name, college name and title of the video.
- Animations, graphs and images should be used.
