## Health And Hygiene based Activities of Home Science Department (2022-2023)

### Expert Talk During Breast Feeding Week ,2022

On the occasion of World Breastfeeding Week (August 1-7), Department of Home Science organised an expert talk on 6th August 2022 on the topic “Step up for breastfeeding: Educate and support” by Ms. Priyanka Pawar, Clinical Dietician at Asian Hospital, Faridabad. The talk was organized on the virtual platform for the benefit of students of BSc Home Science and BA. In order to shed light on the importance of breastfeeding for mothers, Ms Pawar told that breastfed children are more intellectual and fit and their chances of being overweight and prone to diabetes are comparatively lesser than the ones who aren't. Emphasizing the World Health Organization recommendations of exclusive breastfeeding for the first six months of life, Ms. Archna Dua (Head of the Department) told that mothers need practical support to initiate breastfeeding as soon as possible after birth (within the first hour). Dr. Manju Dua (Officiating Principal) appreciated the efforts of the department in promoting the importance of more family-friendly policies to protect and support breastfeeding. She said that more would-be mothers should be subjected to counseling so that the practice of breastfeeding should be inculcated right from the beginning. Around 50 students of B.Sc Home Science and BA benefitted from the talk. Ms. Benu Mehta presented the vote of thanks
